FLY-TIPPING
ACTION
WALES

DROPPING OFF DONATIONS- RESPONSIBLY

DID YOU KNOW?

Leaving donations outside a closed charity shop is classed as fly-tipping by local authorities.

Please support this shop and avoid risking a fine by only dropping off your donations in store

Please do not leave pre-loved items outside our shop when we are closed.

We value your support and acts of kindness — but donations left unattended cause health and safety risks to the public, wildlife, and our environment.

They may also get damaged by the wind, rain or even stolen.

Please wait until our doors are open and leave your pre-loved items safely inside our shop.
