

# The study area map

**Pwllheli is a market town and community located in the Llyn Peninsula, Gwynedd.**

The study area extends from Carreg y Defaid, southwest of Pwllheli to Abererch in the northeast and includes the market town of Pwllheli.

This project is exploring options for parts of Pwllheli that are at risk of flooding from rivers, and the sea. It is anticipated future flood risks, particularly from the coast, could be significant.
